SUMMARY

Software Engineer with **2+ years** building production **back-end services and APIs**, now building **agentic AI systems** and **greenfield (0→1) products** end to end, from system design through deployment and operations. Built an AI platform from scratch that SAP approved for the **SAP Store**; ran production APIs at **99.9% uptime**.

EDUCATION

New York University **September 2025 - May 2027**
Master of Science, Computer Science *New York City, USA*
Coursework: Algorithms, Big Data, Generative AI, Software Engineering, Machine Learning, AI

National Institute of Technology, Tiruchirappalli **August 2019 - May 2022**
Master of Computer Applications *India*

Banaras Hindu University **August 2015 - May 2018**
Bachelor of Science (Hons.), Computer Science *India*

TECHNICAL SKILLS

Languages: Python, TypeScript (React), JavaScript (Node.js), Java, SQL; OOD, Data Structures & Algorithms
Agentic AI & ML: LLM Integration (Anthropic Claude API, Gemini API), LangGraph Agents, Guardrails, PyTorch
Backend & Architecture: REST/OData APIs, Microservices, Event-Driven Design (Kafka), Spark, Delta Lake, FastAPI
Databases: SAP HANA Cloud, PostgreSQL (pgvector), SQL Server, DynamoDB, AWS RDS; Query Tuning
Cloud & Operations: AWS (S3, Glue, Athena, CloudFormation), SAP BTP, Docker, Jenkins, TeamCity, CI/CD, Dynatrace

EXPERIENCE

MSITEK
AI Engineer Intern *Princeton, New Jersey* · **June 2026 - August 2026**

- Designed and built **SMart Retail AI**, a **greenfield AI platform** on SAP BTP: **Node.js microservices** (SAP CAP) exposing **OData V4/REST APIs** over CDS data models on **SAP HANA Cloud**, powering **8 AI engines**.
- Built an **agentic LLM triage layer** (Anthropic Claude) with **guardrails** on the alert pipeline, auto-resolving **76% of checkout-integrity alerts (367/482)** and surfacing **EUR 7.3K+** in value.
- Built a **Node.js ingestion service** loading POS and ERP data into HANA Cloud, scaling one store's six-month POS export into a **six-store network** of **120K+ records**; benchmarked a ridge-regression forecaster against the baseline.
- Rebuilt the UI as a **zero-dependency React frontend** with **white-label theming**, so one platform rebrands per customer.
- Owned it **end to end**: kept **68/68** unit and integration tests passing, deployed to production on SAP BTP, documented the architecture and APIs, led knowledge transfer, and shipped a product **approved by SAP for the SAP Store**.

Fastenal
Software Development Engineer *Bangalore, India* · **July 2022 - March 2024**

- Designed, developed, and deployed **RESTful APIs** and third-party integrations serving **high-volume production traffic** at **99.9% uptime**, enabling real-time data exchange and boosting customer engagement by **30%**.
- **Profiled latency and throughput** of production services with Dynatrace and Kibana and **tuned SQL Server queries** to remove bottlenecks, resolving production incidents through **root-cause analysis**.
- Built **CI/CD pipelines** with Jenkins, Docker, and TeamCity, cutting deployment failures **35%**.

Software Development Engineer Intern *Bangalore, India* · **January 2022 - May 2022**

- Optimized asynchronous **Node.js** business logic in a **distributed microservices** supply chain app, cutting latency **40%**.

PROJECTS

Brain-Controlled Wheelchair: Real-Time EEG Classification with Agents **February 2026 - April 2026**

- Built an **event-driven pipeline** piping EEG via **Kafka** into **Spark** and **Delta Lake**, run by **LangGraph agents**.
- Served a **PyTorch** EEGNet + ShallowConvNet ensemble (**88.1%** accuracy, 153 subjects) as live wheelchair commands.

SubNest: AI Lead-Conversion Platform for Real Estate Brokerages **Ongoing**

- Building an AI platform (subnest.ai) that converts brokerages' inbound leads, with React, TypeScript, and **Gemini**.

ACHIEVEMENTS

- Invited **guest speaker** at Softrec NITT AGM '26, NIT Trichy; mentor to NIT Trichy and BHU students.
- Represented NYU at **NASA Space Apps Challenge 2025**; **Finalist** in Sangam Hackathon, Pragyan 2021, NIT Trichy.
- Secured **All India Rank 76** in NIMCET 2019 (NIT MCA Common Entrance Test).
