SUMMARY

Computer Science graduate student with **2+ years of industry software engineering experience** and a record of **teaching and mentoring**: led **technical workshops** for undergraduate and graduate students, served as a **Graduate Assistant** in the **NYU CSE Department**, and mentor students at NIT Trichy and BHU. Strong foundation in **Data Structures and Algorithms**, **Machine Learning**, **Deep Learning**, and **Databases**.

EDUCATION

New York University **September 2025 - May 2027**
Master of Science, Computer Science *New York City, USA*
Coursework: Machine Learning, Deep Learning, Artificial Intelligence, Generative AI, Big Data, Software Engineering

National Institute of Technology, Tiruchirappalli **August 2019 - May 2022**
Master of Computer Applications *India*

Banaras Hindu University **August 2015 - May 2018**
Bachelor of Science (Hons.), Computer Science *India*

TEACHING & ACADEMIC EXPERIENCE

Computer Science & Engineering Department, New York University
Graduate Assistant *New York City, USA* · **February 2026**
- Proctored **undergraduate CSE exams**, managing student check-in and the exam environment to uphold **academic integrity**.

National Institute of Technology, Tiruchirappalli
Workshop Instructor, Academic Support *India* · **January 2020 - December 2021**
- Conducted **technical workshops and public talks** for undergraduate and graduate students, explaining technical concepts **clearly to diverse audiences**.
- Prepared **instructional materials**, structured documentation, and follow-up communications; documented workshops and **student learning initiatives** on a blog I built (isccodersbhu.wordpress.com).

TECHNICAL SKILLS

Core CS: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Machine Learning, Deep Learning
Languages: Python, C/C++, TypeScript, JavaScript (ES6+), SQL, HTML5, CSS3
ML & AI: PyTorch, CNN Ensembles, Claude API, Prompting, RAG, Agent Orchestration (LangGraph), Guardrails, LLM Evals
Systems & Cloud: FastAPI, Node.js, REST, Kafka, Spark, GCP, AWS, SAP BTP, Docker, Jenkins, CI/CD, Linux, Git
Tools & Strengths: MS Office, Google Workspace, Tableau; Communication, Organization, Attention to Detail, Reliability

INDUSTRY EXPERIENCE

MSITEK
AI Engineer Intern *Princeton, New Jersey* · **June 2026 - August 2026**
- Owned **SMart Retail AI** end to end: a production **AI platform on SAP BTP** unifying **8 AI and predictive engines** (forecasting, anomaly detection, pricing, personalization); **approved by SAP for the SAP Store**.
- Integrated **Anthropic Claude** as the reasoning layer for **agentic alert triage**, with guardrails keeping outputs grounded in platform data, automating **76% of checkout-integrity alerts (367/482)**.
- Designed the **AI guardrails layer** for **invoice automation**: prompt isolation, JSON-schema validation, RBAC, audit logs.
- Owned **technical documentation** and **led knowledge transfer** to the team; kept **68/68 unit and integration tests** passing.

Fastenal
Software Development Engineer *Bangalore, India* · **July 2022 - March 2024**
- Designed and deployed **RESTful APIs** and third-party integrations at **99.9% uptime**, boosting customer engagement by **30%**; led **root-cause analysis** using Dynatrace and Kibana.
- Built and maintained **CI/CD pipelines** with Jenkins, Docker, and TeamCity, cutting deployment failures **35%**.

Software Development Engineer Intern *Bangalore, India* · **January 2022 - May 2022**
- Optimized asynchronous **Node.js** business logic in a distributed microservices supply chain app, cutting latency **40%**.

PROJECTS

Brain-Controlled Wheelchair: Agentic Real-Time AI on EEG Brainwave Patterns **February 2026 - April 2026**
- Trained an **EEGNet + ShallowConvNet** ensemble in **PyTorch** mapping imagined movements to wheelchair commands, reaching **88.1%** accuracy on BCI IV-2a, with a **LangGraph** agent loop grounding each prediction's explanation; documented **benchmarks and trade-offs** in an **IEEE-format paper**.

LEADERSHIP & ACHIEVEMENTS

- Invited **guest speaker** at Softrec NITT AGM '26, NIT Trichy; **mentor** to NIT Trichy and BHU students.
- **Founded the Technopreneur Development Program** at NIT Trichy to foster entrepreneurial skills among students.
- Represented NYU at **NASA Space Apps Challenge 2025**; selected for the **NYU Startup Bootcamp**.
- Finalist at **Sangam Hackathon**, Pragyan '20 and '21 (Healthcare using AI); **All India Rank 76** in NIMCET 2019.
